

SHIELD

THE SHIELD DIFFERENCE

COMPARE TO THE INDUSTRY LEADER...

**MADE
IN USA**

FASTER

SHIELD flash time between coats is 20 min at 70° F. Heavy Duty use 48 hours.

Competitor flash time is **ONE HOUR**. Heavy Duty use in **SEVEN DAYS**.

TOUGHER

SHIELD uses the highest quality resins available, giving it an extremely dense crosslink. Infused with Kevlar® for maximum strength.

Competitor stays soft much longer.

SHIELD Shore Hardness: 26.5 (Averaged score)*

Competitor Shore Hardness: 16.1 (Averaged score)*

*Independent Lab testing

THICKER

SHIELD Dry film thickness is: 1 Coat: 9 mil 2 Coats: 15 mil 3 Coats: 20 mil

Competitor states film build: 1 Coat: 7 mil 2 Coats: 12 mil 3 Coats: 15 mil

SHRINK

All Coatings will shrink over time. However, SHIELD is formulated to perform significantly better than the competitor.

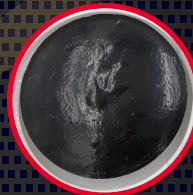

SHIELD 16.5 grams

Competitor 16.5 grams
